When the computers were delivered, the administration briefly reviewed the district policies pertaining to the use of the technological equipment with the faculty at the first faculty meeting. **Assignment 4: Case Study C**
**Action Plan for Student Privacy and Records AND Reflects on Ethical Behavior**

**General Directions:**
Write the key assessment assignment in **paragraph form**. Use **APA format** when writing the paper, including a title page; headings; appropriate margins, spacing, and citations; and a references page.

**Assignment 4 Criterion 5: Case Study C Action Plan for Student Privacy and Records**

**Case Study C:** As a new high school teacher, you were assigned to teach an intensive reading class of ninth grade students. Within the class, three of the students consistently weren’t showing progress in their reading skills. In order to help these three students improve their reading skills, you decided to develop an intervention plan. First, you reviewed each student’s records for background information (e.g., academic achievement, attendance and disciplinary records, previous intervention plans, and state standardized test scores). Based on the records review, you detected specific reading skill weaknesses for each of the students. Next, you designed interventions to meet each student’s specific learning needs using high quality materials and research-based instructional strategies. As a result of your intervention plan, the three students have been making steady progress in their reading skills. Since your intervention plans have proven to be so successful, several of your fellow teachers have contacted you and asked you to share your students’ background information and interventions. Although you want to help your fellow teachers, you are concerned about infringing on the students’ privacy rights by revealing information from their records.

1. Read the district policies for students’ rights and records listed below. Review the teacher codes of ethics and the information in your textbook related to Response to Intervention.
2. What should be your **plan of action to address the teachers’ requests while also addressing your concern about potentially infringing on students’ rights** (NSU b.6.2.d/FPEC 6.1, 6.5/InTASC 9f.p, 9j.k, 9o.d)?
3. Include citations and references to support your ideas.

**Assignment 4 Criterion 6: Reflects on Ethical Behavior**

1. Reflect on the district policies, codes of ethics, and your response to Case Study C. Review the information presented in class on teacher ethics, especially the ethical principles.
2. Identify **three specific actions** that you will take to **avoid this type of professional and ethical conflict** in the future giving (NSU b.6.2.e/InTASC 9e.p, 9i.k, 9m.d).
3. Include citations and references to support your ideas.

Please pay particular attention to correct spelling, capitalization, punctuation, grammar, and sentence and paragraph structure. All assignments must be submitted using Microsoft Word, be error free, and grammatically correct.

**D. American Psychological Association Manual** – All assignments must be completed using the style delineated in the *Publication Manual of the American Psychological Association* (APA). Please pay close attention to the format for: spacing, margins, title page, numbering of pages, headings, and references pages. Cite support from the literature in the field for the concepts and ideas you present in your assignment by paraphrasing and/or quoting and providing a reference for each new work cited (i.e., one-to-one correspondence). At the end of your assignment, include references pages using the correct APA format for the works paraphrased and/or quoted. Please note: a page or paragraph number is required for all citations in your work for this course (APA, 2010, p. 170). Review chapters six and seven in the *APA Manual* to insure that you are correctly paraphrasing and/or quoting and referencing works cited. All instructors will review the use of APA style during the first week of each course.

**E. Grading of Assignments** – The instructor reserves the right to refuse to read and/or correct an assignment that does not meet professional form using ASE and APA style standards.

**F. Assignments Not Meeting Standards** – The instructor refers teacher candidates who are having difficulty with reading the course content and/or writing assignments to meet ASE and APA standards to the Office of Tutoring and Testing for remediation. For critical tasks/key assessments that do not meet standards, the instructor works directly with the teacher candidate to remediate the work.

**G. Synchronous Online Sessions** – Instructors provide live online sessions to students to discuss course content, review assignment requirements, and give students an opportunity to ask questions. It is recommended that students attend the sessions. To accommodate teacher candidates’ needs, these sessions will use a variety of media and will be recorded and posted for later access.

**H. Late Assignments** – Late assignments are NOT accepted.

**I. Grading Rubrics** – Rubrics for all assignments are located in the Appendixes.

**J. Grading Scale** – A list of the course requirements and the grade scale follow. Quality points are used to calculate the grade point average across programs in FCE.

B. **Plagiarism** – Teacher candidates will submit all major written assignments into *Turnitin* and then correct their work for plagiarism before submitting their assignments to their instructor. **Please note that if you plagiarize, you will earn a grade of F on the assignment. If you plagiarize a second time, you will earn a grade of F on the assignment and in the course. The instructor will report all instances of plagiarism to the administration.** All instructors will review how to avoid plagiarism during the first week of the course.

1. **American Standard English (ASE)** – All written work must be submitted in professional form; American Standard English grammar and mechanics are required. Please pay particular attention to correct spelling, capitalization, punctuation, grammar, and sentence and paragraph structure. XIV. University Policies

A. Academic Misconduct
The University, as a community of scholars, embraces the free expression of ideas in furthering the acquisition of knowledge, while upholding the principles of trust, responsibility, honor, integrity, and ethical behavior in meeting program and degree requirements. As such, students are expected to adhere to a standard of academic honesty in all work submitted. Violations of academic honesty standards constitute academic misconduct, and violate the NSU Code of Student Conduct and Academic Responsibility, available online [http://education.nova.edu/students/current-students/studentcataloghandbook.html](http://education.nova.edu/students/current-students/studentcataloghandbook.html).

The following acts violate the academic honesty standards and will result in a finding of academic misconduct:

1. **Cheating in any form**: intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise, or having others complete work or exams and representing it as one's own.

2. **Fabrication**: intentional and unauthorized falsification or invention of any information or citation in an academic exercise.

3. **Facilitating academic dishonesty**: intentionally or knowingly helping or attempting to help another to violate any provision of this code.

4. **Plagiarism**: the adoption or reproduction of ideas, words, or statements of another person as one's own without proper acknowledgment. (See Academic Honesty Standards.)

5. **Conspiracy to commit academic dishonesty**: assisting others to commit acts of academic misconduct

6. **Misrepresentation**: intentionally making false statements or omissions of facts in a contract. Examples include, but are not limited to portfolios, cover sheets, and clinic, training station, and practicum agreements.

7. **Bribery**: offering of goods, services, property or money in an attempt to gain an academic advantage.

8. **Forging or altering documents or credentials**: examples include, but are not limited to signatures, dates and other information on portfolios, cover sheets, and clinic, training station, and practicum agreements.

9. **Knowingly furnishing false information to the institution**.

Penalties for academic misconduct can range from reduced grades on assignments or in courses, to failing grades on assignments or in courses, as determined by the course professor. Academic misconduct may also result in dismissal from the Abraham S. Fischler College of Education without the possibility of re-enrolling at any time. Students may not withdraw from a course in progress to avoid a failing grade upon receiving notice that academic misconduct may have occurred.

**Note**: If a charge of academic misconduct is determined in a course, any student initiated withdrawal for that course will be administratively reversed and a grade of F will be entered on the student's transcript for that course.

B. Plagiarism
Work that is submitted for credit must be the original work of the student. Any assignment that is not the original work of the student is considered plagiarized and in violation of the Code of Student Conduct and Academic Responsibility. Plagiarism occurs when another person's work, words, or ideas are represented as one's own without the use of a school-recognized method of citation (e.g., copied from another source such as an author or another student without properly acknowledging the actual writer/author) or when another person's work is copied or otherwise duplicated for academic credit. Plagiarism also occurs when knowingly giving or allowing one's own work to be copied or otherwise duplicated by another for academic credit, or when resubmitting one's own work for academic credit (i.e., work that has previously been submitted for academic credit). Cutting and pasting from online sources on the Internet without proper acknowledgment and citation of primary and secondary sources (e.g., writers/authors/organizations) also constitutes plagiarism.

Penalties for plagiarism may range from reduced grades on assignments or in courses, to failing grades on assignments or in courses, as determined by the course professor. A subsequent determination of plagiarism in a future course (i.e., a second violation) may result in dismissal from the Abraham S. Fischler College of Education without the possibility of re-enrolling at any time.
Course assignments submitted in partial fulfillment of degree requirements may be checked for plagiarism. **Students may not withdraw from a course in progress to avoid a failing grade or other consequence upon receiving notice that plagiarism may have occurred.** If a charge of plagiarism is determined in a course, any student initiated course withdrawal for that course will be administratively reversed and a grade of F will be entered on the student's transcript for that course [see Academic Misconduct]. Student access to online courses, and attendance at site-based courses, will be discontinued following a determination of plagiarism that results in an "F" for the course. **All students are entitled to due process pursuant to Fischler College of Education policies and procedures.**

C. **Americans with Disabilities Act (ADA)**

Nova Southeastern University complies with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990. No qualified individual with a disability shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination in any activity, service, or program of the university solely by reason of his or her disability. Each qualified individual with a disability who meets the academic and technical standards required to enroll in and participate in Nova Southeastern University's programs shall be provided with equal access to educational programs in the most integrated setting appropriate to that person's needs through reasonable accommodation.

At the postsecondary level, it is the student's responsibility to initiate the process for disability services. The process for obtaining a reasonable accommodation is an interactive one that begins with the student's disclosure of disability and a request for a reasonable accommodation. The student has the responsibility to provide Nova Southeastern University with proper documentation of disability from a qualified physician or clinician who diagnoses disabilities and sets forth the recommended accommodations.

The necessary forms and procedure for requesting disability-related accommodations can be obtained from the NSU Office of Student Disability Services through its website at http://www.nova.edu/disabilityservices/index.html, via e-mail at disabilityservices@nova.edu, or by calling 954-262-7185 (toll free at 800-986-3223, ext. 27185).

To ensure that reasonable accommodations can be provided in a timely manner, all forms and documentation should be submitted to the NSU Office of Student Disability Services a minimum of four (4) weeks prior to the commencement of classes for any given semester.

D. **Course/Instructor Evaluation**

- It is expected that all students will participate in the online Course/Instructor Evaluation at or near the end of the course.
- Notices of Course/Instructor Evaluation access are sent to registered students by NSU email.

E. The current edition of the **FCE Catalog and Student Handbook** is available [http://education.nova.edu/students/current-students/studentcataloghandbook.html](http://education.nova.edu/students/current-students/studentcataloghandbook.html).
